ICF Wall Construction, Backhoe Backfill Operations, Nanakuli, Hawaii

Our Products

We are Hawaii's exclusive distributor for the advanced IntegraSpec's ICF, insulated concrete forms, product line. We can help you, whether you're an experienced contractor or you just want to build your own home. Our extensive experience and excellent product line can help you construct first class ICF structures.

The Integraspec ICF product line is the result of several successful product development cycles. Their products are easier to use and offer greater flexibility than the older genre of ICF products. See our website for details regarding the many benefits that ICF construction method has to offer.

A quick summary of some ICF benefits are listed as follows:

- Comfortable and Quiet Structure
- Eco-Friendly, Very Low Heating and AC Requirements
- Very Strong, Safe and Durable
- No rotting, termite infestation or rusting problems with structure.
